

# We're changing our face ... not our formulas

## Introducing **Obagi® Gentle Rejuvenation**

The Obagi Gentle Rejuvenation System features the same formulations, delivery system and packaging technologies of Pro+Therapy MD® that you have come to trust and dispense to your patients who seek high performance, clinically-proven skin care.

### All products continue to feature:

- Exclusive Prosome Delivery System
  - Recall that: Prosoemes provide 41% more Kinetin and 100% more Zeatin into the skin than the standard emulsion formulation
- Airless Packaging enables every bit of product to be utilized, helps prevent contamination and helps keep product from oxidizing

*Moisturize from day to night*
